- Ⓚ — **Anti Lift Stop** : Plastic
- Ⓛ — **Sliding Bar Cover** : Aluminium
- Ⓜ — **Catch Frame** : Aluminum
- Ⓝ — **Handle** : Plastic
- Ⓟ — **Magnet Strip**
- Ⓠ — **Double Door Kit** : Plastic

KEY FEATURES

- **Retractable Pleated Screen with Polyester mesh**
- **Manual Operation** - Smooth, quiet and safe operation * *Screen can stay where positioned on the rail.*
- **Unrestricted Entry** - Low Profile Bottom Rail + Retracting Mesh Guide realizes barrier-free access with high insect proof. * *Height of the Bottom Rail is 3 mm (1/8").*
- **Retracting Mesh Guide** - keeps the mesh properly positioned then retracts into frames when not in use.
- **Mesh Hooks (patent pending)** - hold the mesh on the top of unit and provide wind proof.
- **Wide Adjustability** - Size adjustable by cutting both in height and width.
- **Handy for Painting** - Frames on the Main Screen Cartridge are fully covered by paintable aluminum frames.
- **Double Door Kit (DDK)** - converts 2 screens into a double screen.
- **Replacement Main Screen Cartridge (RMSC)** - is available.
